SUBCOMMITTEE FOR

Vietnamese Refugees

BULLETIN NO. 5

July 15, 1975

ALL PRESENT AND ACCOUNTED FOR or so we think!

(A World-wide View and Review...by Raymond Owens)

Through the combined efforts of Subud brothers and sisters from many countries, we believe that all members who chose to leave Vietnam before the country fell to the Viet Cong have been located. The Subud World Congress provided the opportunity for those most involved with resettlement to come together, compare notes, correct lists and take action on specific cases. The entire list (always subject to amendment, of course) is included in this Bulletin. We hope it contains welcomed news for the refugees who have not known the whereabouts of friends and relatives. If anyone has further information on these or other Subud refugees, please notify us at the above address.

Here was the count at the time of the Congress:

157 in U.S.A.	Among these 222 people, 90 are Subud members (including 4 men and 4 women helpers), 5 are probationers, 107 are direct relatives (father, mother, children, brothers and sisters) and the rest are non-direct relatives and friends. New developments have altered these figures slightly. The lists that follow are as "up to the minute" as possible.
8 in France	
29 in Austria	
8 in South Korea	
2 in Hong Kong	
1 on Guam	
17 on Wake Island	

During the Congress, the 29 who were in Bangkok arrived in Vienna, Austria.

There are very happily settled there and some are contacting relatives in the States to see if they would like to join them. We have explained the possibilities and procedures to those concerned. The choice is theirs. If they choose to go to Austria - and chooses quickly - we think their chances are good, and we will process their requests.

Then, too, at the Congress, we received a letter from a father with three daughters and a son in Fort Chaffee who wanted to join another son who is a professor at the University in Stuttgart, Germany. Information was exchanged with that son and procedures explained to effect this reunion.

On the other side of the World, we found one member on Guam with a mother and aunt in Hong Kong. They were anxious to get together and resettle in Paris. French and Swiss members are already

working with Subud members in Hong Kong, as well as the government officials concerned, to help these members achieve their goal.

Another family of 8 are presently in Seoul, South Korea. They have been notified of the possibility of resettlement in either France or Austria, indicating the differing conditions, and requesting them to make a choice so that appropriate action can be taken.

There is another large family of 1/ on Wake Island who are very anxious to join relatives in Australia... and soon, because one of the girls is very pregnant! Unless there is a change in policy by the Australian government, however, their chances do not look very good. Meanwhile, they were sent a cable informing them of their friends in Austria and the possibility of going there if they wish (and if they act quickly because the quota of 200 refugees to Austria could be quickly filled.)

The greatest number of Subud Vietnam members to be resettled, of course, were in the U.S., mostly in two camps: Camp Pendleton, California, and Fort Chaffee, Arkansas; plus one family at Indian Town Gap, -Pennsylvania. HOWEVER, where they are now is a very fast changing picture. Subud Marin (in California) has arranged to take a group of over 25, more have joined the group in Detroit. 12 have just gone to the Rollins in Texas, 5 are with the Moores in Oklahoma City, some are in Connecticut, Washington, D.C., and a family of 10 are scheduled to go to Chicago (to non-Subud sponsors), and we hear there are many who are accepting sponsorship from non-Subud families and groups in order to get resettled quickly.

The list of refugees that we are including in this Bulletin is alphabetical (for easier reference use), indicating age, sex, head of family, Subud membership and - to the best of our ability - where the person is at present. If you notice some still listed in any of the camps, and you would like to sponsor them, please get in touch with the Subud Contactee for that camp (names and addresses/phone numbers in previous bulletins) and they will help in every way they can. It is not necessary to send your requests through our office; however, we do want to be kept informed of any and all resettlement cases. Should there be any questions or problems that arise, please let us know: we will do our best to help.

The continuation of these Bulletins will depend on the amount of information that needs to be spread far and wide. Most likely, our work now will change focus from communication to coordination. So, even though there may be less publicity, our interest and efforts will continue. We hope yours will too.

To our Vietnamese brothers and sisters, we would like to remind you that our primary concern is for your well being. We recognize that you have risked a great deal in order to find freedom and security. We can guarantee neither, but we can and will do everything in our power to help you find the place and opportunity that you choose. In fact, as a conclusion to our report to the Congress in Wolfsburg, we used a quote from Thomas Jefferson that reflects our feelings:

"The mass of mankind was not born bridled and saddled for rulers to ride, but to govern themselves by the Grace of God; and they will - by the Grace of God - they will!"
